- Membership info has been added to luncheon newsletter: resulted in one institutional membership. (Those who set up membership via newsletter or website can set it up as an annual payment through paypal.)
- Exploring how to get a donate button on website and newsletter (donate so that the usual PayPal fee isn't taken out)
- John is compiling a list of institutions that attend our events to list on the website (this will just be names and links to their website). We will not add names, addresses, etc. so that it doesn't require constant editing.)
